 Water |  Juice |  Carbonated Drinks |  Beer |  Cooking Oil

Customized Bottling Lines

- ✓ **Drinking Water Bottling Lines (Glass/Pet)**
200ml to 20 Liter
- ✓ **Juice and Carbonated Drink (CSD) Bottling Lines (Pet/Glass/Can)**
- ✓ **3 in 1 CombBloc Bottling Line**
- ✓ **Beer & Wine Bottling Lines (Glass/Pet/Can)**
- ✓ **Oil & Chemical Liquid Bottling Lines**
- ✓ **Tea, Milk, Yogurt and Dairy Bottling Lines**
- ✓ **Automatic Ketchup & Biscuits Production Lines**
- ✓ **Juice Pulp Bottling Line for juice industry**

Pet Bottled Blowing-Filling-Capping Combi-bloc production lines

Carbonated Soft Drink (CSD) Filling Lines

Mineral Water Filling Lines

Juice Filling Lines

Key Features

- **Filling Speed: 10000 BPH – 81000 BPH.**
- Supports multiple sizes & shapes of Bottles
- Fully Automated Process
- High-Speed Production
- Advanced Systems
- Customizable Capacity

Applications

- Carbonated Soft Drinks (CSD)
- Sparkling Water & Still Water
- Juices & Flavoured Beverages

Visit us: www.cico-tech.com

Customized Bottling Lines for Glass Bottles

Our state-of-the-art **Glass Bottle Filling Line** is designed for efficiency, precision, and hygiene, making it ideal for **Beverages industries**. Whether you are filling Carbonated or Non-Carbonated Liquids, our turnkey solutions ensure high performance and reliability.

Key Features

- **Filling Speed: 2000 BPH – 48000 BPH.**
- Supports multiple sizes & shapes of Bottles
- Automatic & Semi-Automatic Options

Applications

- Carbonated Soft Drinks (CSD)
- Sparkling Water & Still Water
- Juices & Flavored Beverages

visit us: www.cico-tech.com

Customized Bottling Lines for 5L Pet Water Bottles

Our 5 Liter PET Water Complete Filling & Packing Line is a fully integrated, high-efficiency solution designed for large-volume bottled water production. The line ensures hygienic filling, consistent quality, and reliable performance, making it ideal for commercial and industrial water bottling plants.

Key Features

- **Filling Speed: up to 7000 BPH.**
- Supports multiple shapes of Bottles
- Automatic & Semi-Automatic Options

Advantages

- High output
- Excellent filling accuracy
- Reduced operational cost
- Easy operation & maintenance

visit us: www.cico-tech.com

"CAN" Filling and Packing Line

At **CICO Technologies**, we offer **Fully Automatic Canned Filling and Packing Lines** designed for high-efficiency and precision packaging of beverages such as **Cola, Soda, Sparkling water, Energy Drinks, Flavoured Soft Drinks...etc.**

Key Features

- High Speed Output
- Precision Filling technology
- Leak-Proof double seaming
- Versatile Application
- Food-Grade & Hygienic Design
- Compact and customizable

visit us: www.cico-tech.com

Applications

- Carbonated Soft Drinks (CSD)
- Sparkling Water & Still Water
- Juices & Flavoured Beverages

Customized Bottling Line for 5 Gallon Bottles

Our **5-Gallon Filling Line** is designed for **high-efficiency washing, filling, and capping** of large water bottles. Engineered with precision, this fully automated system ensures hygiene, durability, and ease of operation for large-scale bottled water production.

Visit us: www.cico-tech.com

Key Features

- Fully Automated Process
- High-Speed Production
- Advanced Rinsing System
- Leak-Proof Sealing
- Customizable Capacity:

Bottle Types

- Returnable & Refillable Bottles
- Non-Returnable (One-Way) Bottles

5 Gallon Bottle PC Machine

This fully automatic machine is designed specifically for producing **5-gallon water bottles** using **polycarbonate (PC) raw materials**. It is ideal for manufacturing large-capacity water containers with high efficiency. With a production capacity of **approximately 65–75 bottles per hour**, the machine ensures **high output, stable performance, and consistent product quality**

Bottle Types

- **5 Gallon Bottles**
(with and with-out handle types)

Key Features

- Fully Automated Process
- High-Speed Production
- Advanced System

Visit us: www.cico-tech.com

CAP Compression Machine

The **PET Bottle Cap Compression Machine** is an advanced solution for producing **high-quality bottle caps with precision, efficiency, and cost-effectiveness**. This complete line includes all essential components for a seamless cap production process, ensuring consistent quality and high output.

Visit us: www.cico-tech.com

Applications

- Carbonated Soft Drinks (CSD)
- Bottled Water
- Juices & Dairy Products
- Edible Oil & Other Beverage Packaging

Customized Bottling Lines for BEER & Brewery

We specialize in end-to-end bottling line solutions designed specifically for **Beer** and **brewery operations**. Whether you're working with **PET bottles**, **Glass**, or **Cans**, our systems are customized to meet your production needs, ensuring efficiency, hygiene, and premium product quality.

Brewery Systems:
100L to 200HL

Filling Speed:
1,000 - 48,000BPH

Key Features

- One stop shopping including brewing system, filling system, packaging system
- Whole plant engineering design.

Visual Inspection System

Visual inspection – can be used to detect the tightening of “Lids, Liquid Levels, Labels and poor printing” of “PET, PP, PVC, HDPE, Glass bottles and other containers”. Through visual image processing technology. The world's top image processing algorithm, coupled with the world's leading industrial multi-core DSP circuit board, can achieve high accuracy and continuity. Super anti-interference and stability.

PET Preform Injection Molding Machine (Servo)

We offers you a wide range of **Plastic Injection Molding Machines** with Quality, Stable, and Efficient Production. Choose from high-speed machine with a full range of plastics processing technologies.

- ✓ **Various type** of Preforms molds
- ✓ **High Quality Preforms**
- ✓ **Full Set Molds with Independent Controller**
- ✓ **Mold Cavity : 1 to 196 cavity**

Visit us: www.cico-tech.com

Fully Automatic Blow Molding Machine (Servo)

Fully automatic bottle blow molding machine is suitable for producing PET plastic containers and bottles from 0.1L to 5L. It is widely used to produce the Mineral water bottle, Carbonated drink bottle, Juice bottle, Pesticide bottle, Oil bottle, Daily chemical bottle, cosmetics bottle, Wide-mouth Jar, PET can etc.

Servo motor using for stretching to ensure the bottle blowing speed faster and more stable bottle quality.

Application: Water bottle / Beverage bottle / Juice Bottle / Oil Bottle / Cosmetic bottle

Capacity: 2000 to 24000 pcs Per hour

Industrial Date Code Printer

Our **10.1-inch touch screen Inkjet Date Code Printer** is fully supported with **Arabic & English** typing. it can print **Bar-code, QR code, Text, Counter date and many more with very high accuracy and the high speed.** it has very less solvent usage compare with the other printers available in the market.

Specification

- ✓ **Applications:** Pet Bottle Printing, Glass Printing, Pipe printing, Metal Sheet printing, wood printing, Cartoon printing, Plastic printing, Etc.
- ✓ **Screen:** 10 Inch touch screen
- ✓ **Ink Color:** Black color
- ✓ **Voltage:** AC 100V-240V, 50/60HZ
- ✓ **Print Dimension:** 5*5/7*5/9*7/12*12/16*16
- ✓ **Ink Type:** Solvent Ink
- ✓ **Printing Distance:** up to 30 mm
- ✓ **Print Lines:** Up to 4 lines (7*5dot), up to 5 lines (5*5dot)
- ✓ **Print Speed:** Up to 285m/min (5*5 font, single line)

Labeling Machines

Labelling is essential to **Building your Brands.**

We make the most suitable configuration according to **your Labelling needs.**

Types of Labeling

- ✓ Hot melt glue labeling
- ✓ Self-adhesive labeling
- ✓ Pre-coated glue labeling

Technical Features:

- ✓ **Capacity:** As per your Requirement
- ✓ **Bottle Height & Diameter:** Custom
- ✓ **Bottle shape:** Round or Square Bottles
- ✓ **Label height:** Max 170mm

Visit us: www.cico-tech.com

Packaging Machineries

Our range covers types of Machinery for Packaging of Liquid including Water, Juice, Carbonated Soft Drinks, Energy Drinks, Alcoholic Drinks, Beer, Edible Oil, Dairy Products, etc....

5 Gallon Automatic Blow Molding Machine

Automatic bottle blow molding machine is suitable for producing PET plastic containers from 3L to 20L. It is widely used to produce the 5gallon Mineral water bottle

Capacity: 200 to 6000 pcs Per hour

Application:
Water bottle

Visit us: www.cico-tech.com

Semi Automatic Blow Molding Machine

Semi automatic bottle blow molding machine is suitable for producing PET plastic containers and bottles from 0.2L to 20L. It is widely used to produce the Mineral water bottle, Carbonated drink bottle, Juice bottle ,Oil bottle, Daily chemical bottle, Cosmetics bottle, Wide-mouth Jar, PET can etc.

Capacity: 80 to 2000 pcs Per hour

Application: Water bottle / Beverage bottle / Juice Bottle / Oil Bottle / Cosmetic bottle

Visit us: www.cico-tech.com

5 Gallon PC Extrusion Molding Machine

We can make the most suitable configuration according to your requirement in your new projects

Technical Features:

- ✓ Electronic control system
- ✓ Opening and closing mode, mobile system
- ✓ Speed control system
- ✓ Hydraulic system
- ✓ Plasticizing system

Available Bottle Speed :
40BPH - 80BPH

Visit us:
www.cico-tech.com

Pretreatment Systems

✓ CIP System

CIP system is to automatically clean all surfaces that come in contact with the product. The objects to be cleaned include the inner walls of tank, pipe, hydraulic cylinder, and other liquid passages.

✓ Boiler System

Boiler is a device which burns Gas, Diesel, Electricity, or Coal in order to provide Hot Water, especially for the central heating in the Factory.

Our Process

We align ourselves to the client requirements.

We assign the right machineries to the exact requirement.

Why us.?

- ✓ Network Powered
- ✓ Blend of Energy and Experience
- ✓ Reliability and Transparency
